INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied. Under this act the court served only as a factfinding agency, and its conclusions were submitted to the Congress for approval and for the granting of awards. In 1863 the Congress enlarged the court's jurisdiction and gave it authority to render judgments against the Government, with the right of appeal to the Supreme Court. An act of 1925 abolished appeals from the Court of Claims to the Supreme Court and substituted writs of certiorari.

An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 30,254 of whom were enrolled as entitled to share in the fund--3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

September 20, 1907.

Hon. J. A. Wiley,

Montgomery,

Alabama.

Sir:-

Your letter of September 14, 1907, addressed to the Honorable Secretary of the Interior, and inclosing a letter from Ransom Beasley, of Wallace, Alabama, has been referred to this office for reply.

In reply you are advised that Mr. Beasley's application has been received and placed on file, but we cannot state at this time whether he is entitled to share in this fund as his application has not been reached for final consideration.

As there are nearly 44,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

Mr. Beasley's letter is returned.

Very respectfully,

NLC.  
1 inclosure.

Rec. AUG 7 1908  
No. 3482

Dahlonega Ga. Aug. 3<sup>rd</sup> / 1908.

Answer to

Question. 1. My name is Elizabeth Hersley.  
40 years old. P.O. Address is  
Dahlonega, Ga.

" 2. Through My father -

" 3. My father died in August 1863.  
he was 45 years old at that time.  
He was recognized as white person.  
At the time father was born the indians,  
were numerous, I am told, but I  
don't know whether he lived then  
with white people or with the indians.

" 4. I never saw my grand father  
Rider, he died before I was born.  
I don't know where he was born  
but think it was in Yancey County  
North Carolina, Can't tell whether  
he lived with the indians or white people.  
I suppose he was recognized either  
as an indian or white person in  
the community in which he lived.  
I am quite sure he was not a  
Negro.

" 5. I have been told by my mother  
that my father, Valley Rider,  
received money from the Government  
on his indian blood.

" 6. I have been told that some of my  
Ancestors were enslaved, but I don't  
know where nor with what tribe.

Appl. 34887.

Answers to

- Question 7. I don't know. Nor do I know whether or not they voted with white people -
- " 8. I do not know where they lived when the Indians were driven West. My Mother has told me that my Grandfather Rider went with the Indians when they were driven West.
- " 9. My parents and grand parents were not slaves.
- " 10. Because I have always been told from my early Childhood by my parents and others that I was an Indian. My brother George Rider looked just like an Indian, more so than I do. I have not seen him in ten years, he was in North Carolina then - people called him "that Indian Rider."
- " 11. I have heard of a Treaty made by the Government with the Indians in 1835. but I do not know the particulars.
- " 12. In Union County, Ga. in 1882.

Respectfully,

My dear Sir:

In 1851 my parents were living in Indianapolis, Ind., having come here from Halifax Co. N. C. about 1850. My Grandparents were Cherokee Indians mixed with colored blood and were therefore known as colored, and have been known as such ever since. None of my ancestors as far back as I have any record have been slaves. I am,

Very respectfully Yours

NOTE.—Affidavits should be made, whenever practicable, before a notary public, or clerk of the court, if sworn to before an Indian agent or disbursing agent of the Indian service, it need not be executed before a notary, etc.

John C. Collier being first duly sworn, deposes and says:

That I am 65 years of age. I claim my Indian descent through my father; my mother is a white woman and my wife is white. My father claimed through both parents. Don't know where my father was born, nor about when he was born. He left my mother when I was a very small boy. They claimed he was a full blooded Cherokee. I have no idea where he came from nor where he went. I don't know anything about his parents either. I have a brother ten years older than I and he was born in Jefferson Co., Tenn. My parents were married there in Jefferson Co., Tenn. They were legally married. Don't know whether my father ever lived with the Indians as a member of the tribe. Don't know whether either he or his parents were ever on any Indian roll. I am recognized as a white man in this community but back in Tenn. I was recognized as a part Indian because the people there know of my Indian blood. This is the only application I ever made to the government for Indian benefits. My father went by the name of Trogdon - Dike Trogdon. He had no other name that I know of. I think his parents died in Tenn. after I was born. Never heard anything about my father since he left my mother. Lillie A. Horton (35711) is my daughter. There is no one living that I know of who know my father or anything about him. A brother of mine, Samuel Collier, was living the last time I heard of him, in Jefferson Co., Tenn. Don't know where he is now. Don't know whether my father was on any roll or not. If any of us children were, I don't know of it.

Mary L. Helms,  
Court, Ala.

Sir:

Relative to your application for participation in the fund arising from the judgment of the Court of Claims in favor of the Eastern Cherokee, have you never been enrolled. Under 1812 do you think your mother was enrolled in Tennessee? Have none of your grandparents on your mother's side residing in 1846, if living at that time. Were your parents or grandparents on either side slaves. If so, were they slaves of Indians or white people.

Can you furnish us with evidence tending to establish the fact that you are a descendant of persons who were recognized members of the Eastern Cherokee tribe of Indians at the date of the Treaty of 1835-36 and 1846? If so, please state what the evidence is, and send us the names and correct addresses of any witnesses who will testify to that effect.

Very respectfully,

CCT/AM

My dear Mr. Smith,  
118 Athens Street,  
Greenville, S.C.

Sir:

Under date of May 18, 1908, we wrote you for information in regard to your Eastern Cherokee claim, and later notified you to appear before a representative of this office at Greenville, Georgia, to give testimony in the matter, to neither of which communication have we had a response. As you have failed to furnish this office with the following information your claim cannot be further considered:

1. Why were your grandparents not enrolled with the Eastern Cherokees in 1851? Did they ever live with the Eastern Cherokees and take part in their councils?
2. Were any of your ancestors slaves? Do you pass as white or colored in the community in which you live?
3. Were any of your parents or grandparents parties to the treaties of 1845-6 and 1846?

Give all your reasons for thinking that you are entitled to this claim.

Very truly yours,

J. O. Smith.

it is not necessary to state  
that I don't recall but  
this is what I want to  
get at I have lost  
confidence in my father  
and I don't. This was about  
it I believe if he was  
to draw our money  
that our children would  
never see a penny of it.  
He took away money that  
was rightly ours it gives  
me no right to say it of my

Father of course I he reason  
I write this is I don't  
know whether you will  
send your or has sent you  
his a dress from you

think is evidence  
enough to show that  
I am very truly your  
son before I  
send you my love  
understand that I am

Washington D. C. now he  
was the man before whom  
our edams was made out  
the children did not know  
how we would get at this  
matter. I was doing the  
old. I then went to do what  
I thought best about  
I decided that to ask your  
help & advice about the  
matter would be the best  
thing I could do for us  
I would be glad to hear  
your opinion about this.

Hon. Guion Miller,

Dear Sir:

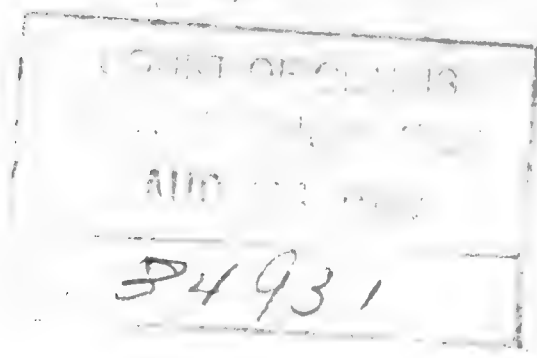

I have written you twice before this letter in reference to the date of the expiration of the Notary Public's Commission who witnessed the signing of the claims of Mrs. J. E. Hawk, and Mrs. A. J. Strickland, which were sent you on the 9th, day of August 1907, whether you could insert the dates yourself as the same Notary Public signed all of the claims sent you and the date of the expiration of his Commission was in the last ones sent you. I still have time to have this date inserted in his own handwriting if you will return them to me by the first mail. I would be glad to hear from you at your earliest convenience. Will the fact that the date of the expiration of the Notary Public's commission injure the chances of these people filing claims to their part of the land or money according to the decree of the Court of claims.

Please let me hear from you at once and oblige,

Yours truly,

Attorney.

Dear Sir:

Enclosed is letter from Mrs. Julia E. Hawk in reply to yours. This letter was left in my office to be mailed and I have been out of the city for some time is the cause of the delay in mailing.

I have noticed in the paper an article written from Winston-Salem, N. C. under date of March 19th that you with four assistance have investigated claims of a number of people in that section that want to share in the distribution by the Government on account of being descendants of the Cherokee Indians. I trust that you will also visit Griffin and assist me in proving that the claims I represent are legally entitled to share in the distribution.

I spent two days in Butts County, the 8th and 9th of June, visiting old residents of that County trying to find out something further about the family history of my clients. In the office of the Clerk of Court I found recorded two old deeds where David Davis conveyed property. One of these tracts of land was situated in the part of the County where affidavits which I had before examining the records in the Clerk of Court's office go to prove that this section of the County is where David Davis lived, and the other deed conveying land goes to show the proof of the other affidavits which I had before examining the records that David David also lived in that section of the County for some time.

It occurs to me that it is possible, and not only possible but probable that David Peter Davis, a full blood Cherokee Indian, who was an ancestor of my clients, was not registered with the Government because he married a full blood white woman, and on this account having family ties here in Georgia he did not leave the State at the time the rest of the Indians left, and this may be the reason why he was not registered.

If you should come here with your assistance or send one of your assistants to investigate, I will be glad to show you every courtesy, and possibly assist you if I can in the investigation of the claims of my clients, and when you decide to come I would appreciate it very much if you would advise me about the time of your arrival in order that I may not make any arrangements that would carry me away from home at that time.

Dear Sir - I claim my Indian blood through both my father and mother. I cannot give the dates of my parents births or names as all of our records have been destroyed. James J. Lewis was my half brother. John W. Lewis was my half brother. The same father but different mothers. I claim my Indian blood "Eastern Cherokee" through my mother's people. I do not know whether any of them were on the rolls of 1835 or 1851.

My wife is a white woman.

I have no Nucleos or Aunts now living of either my father or mother's family.

Answer: Question

Dear Sir- I do not know why my name  
parents were not enrolled with the Eastern  
Indians in 1851. My mother was not  
yet born at that date. My parents have  
not affiliated with any other tribe.

I do not know the "name" blood and  
name of my people. I have very little  
information of my people. My father & mother  
being dying white I was young I have not  
been able to find out much about their  
name.

Kindly advise this office why your parents were  
not enrolled with the Eastern Cherokees in 1851.

Did they ever live with the Eastern Cherokees as  
recognized members of their tribe? Were they admitted to  
tribal councils?

If they were held as slaves, state whether they were  
owned by White people or Indians.

Do you claim any Indian blood other than Cherokee?

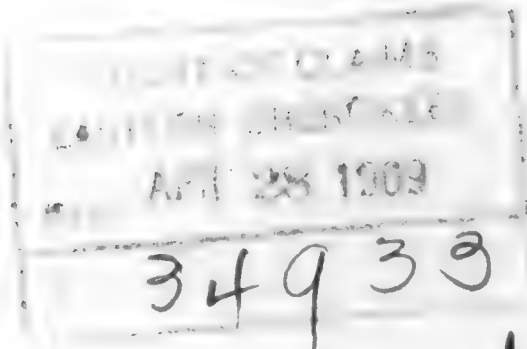

Did your parents ever affiliate with any tribe other

Sir:-

Kindly advise this office whether you are aware of any  
cases of kidnapping in Eastern Oklahoma in 1901.

Did they ever live with the Eastern Oklahomans as  
recognized members of their tribe? Are they entitled  
to tribal council?

If they are held as slaves, state whether they  
are owned by white people or Indians.

Respectfully,

Special Commissioner.

Charles E. Roberts being first duly sworn deposes and says:

My name is Charles E. Roberts, and I am 54 years old, and I live in Indianapolis, Ind. I claim my Indian blood through my father, mother, Miriah E. Roberts, she died about ten years ago, and she was about 65 years old at the time of her death. He was born in Salem, Ind. He got her Indian blood through her father, my grandfather, Nachariah Benj. Roberts, and I think they called him Tall Oak. I have heard my grandmother say that she came from N.C. with a tribe of Indians. She called them the Eastern Cherokees. I do not think my grandfather Roberts was living at the time of my birth. He was born in N.C. I have always understood that he was a very old man at the time of his death, being born in 1780 and something. My grandmother Deliala Stewart was a child when she left N.C. He married Nachariah Roberts in Washington, County, Ind. My grandmother Deliala Stewart was married twice, her first husband's name was Benj. Roberts. By Benj. She had 4 children. Her mother Tobitha Wilkerson, who was my great grandmother, was married twice. By her first husband, who was killed with 7 of his sons in the massacre of Fort Mims, she had ten children. But her second husband, who was a mixed Indian and negro, she had 3 children, one of whom was my grandmother, Delila Stewart. I am positive that Delila Stewart was born in N.C. and came away from there the time that they all came. Delila Stewart during her lifetime was a recognized Indian woman, and was very proud of the fact. Tobitha Wilkerson was sometimes known as Old Rose, and her father was called Hong Dog.

Dear Sir:

G. C. 1

I have not return  
your application but I  
have filled out one which I  
mailed to you some  
days ago, which I infer from  
your letter is all that is  
necessary in making application  
for myself and my three minor  
children

I ask for patents for minor  
children because I was under the  
impression that a different blank  
would be necessary for minor  
children

I have already  
seen in some cases where  
the children and as cause the  
chain of connection would be  
identical by the same

family name
